Best Practice – 2 :

1. Title of the Practice: Voluntary Blood Donation to needy people from the marginal sections of the society

2. The context that required the institution of the practice:

The District Government General Hospital (GGH-Kakinada) is located very near to the college. There are a number of SOS cases for blood donors to save their kith & kin. Our Institute practiced to help those people who are in urgent need of blood; the students, staff of college makes it a practice of donating blood to needy people.

3. Objectives of the practice:

- To inculcate the concept of community service among the students.
- To fulfill the social responsibility of the institution.
- To Educate students about the importance of Blood donation

4. The Practice:

The Institute is located in the District head quarters where the District General Hospital is located (GGH). The GGH is very near to the college. The patients form the weaker sections of the society mostly from the tribal (ST) areas of the district come for treatment to GGH. The college made publicity through Red Cross Society, students, staff, old students, parents and other well wishers of the institution to approach the institute for voluntary blood donation in needy time. This activity monitored by the Red Ribbon Club of the college. Whenever any person in want of blood approaches the college, Principal or convener of Red

Ribbon Club announce through the (PAS) Public Address System about the details of required blood group along with the status of the patient. Any one of the student or staff member will respond immediately to the announcement and help the patients by donating the blood voluntarily. The beneficiaries express their heartfelt thanks to the Principal, RRC convener and donors. It gives utmost satisfaction to all the stakeholders of the Institution as this is a life saving donation.

5. Obstacles faced if any and strategies adopted to overcome them:

At the time of examinations the students are not able to donate blood.

To overcome this problem the staff members donate the blood.

6. Impact of the practice:

Totally there are 40 beneficiaries during the year 2018-19. With this practice most benefitted group is pregnant ladies. Also the patients suffering from various diseases like Heart problem, cancer, kidney problems, dengue fever and surgeries for different problems including accidents were benefitted through this programme. As GGH is nearer to college, the students and staff are ready to help in emergency situations by voluntary blood donation.

7. Resources required :
